### **I am a UK student wishing to study at undergraduate level at the University of Leeds. What funding opportunities are available to me?**

Funding for UK undergraduate scholarships is handled by the Access & Community Engagement Office. Please see their website for further details of the funding opportunities available

### **I am an EU student wishing to study at undergraduate level at the University of Leeds. What funding opportunities are available to me?**

The Postgraduate Scholarships Office does not administer any scholarships for undergraduate students. Unfortunately, there are very few scholarships available for EU and international undergraduates. Some Schools or Departments at the University offer their own internal scholarships so it is worth contacting the undergraduate secretary at the School in which you wish to undertake your studies to find out whether they have any funding available. Contact details for Faculties and Schools can be found by following the links at <http://www.leeds.ac.uk/faculty/>

Please also see further information for EU students: <https://www.gov.uk/student-finance/eu-students>
